

# Top **10** Ways to “Google”-ize your Classroom

Jessica Bailey, MSIT [baileyjessica@gmail.com](mailto:baileyjessica@gmail.com)

Session Link: <http://goo.gl/FSHvxP>

**1**

## Get the Google “Drive”

Store documents, presentation, spreadsheets, forms, etc. <https://drive.google.com>

**2**

## Share your Google Docs

Create word processing documents and share them for collaboration, peer editing, group projects, etc. (Located in Drive)

**3**

## Present - “Google” Style

Create presentations, display journal prompts, directions, agendas, and bell ringers! (Located in Drive)

**4**

## “Get the Grades” with Sheets

Gradebook, classroom management, sign-ups, and lists, use with students for data (Located in Drive)

**5**

## “Form”-ative Assessments

Collect parent contact information, conduct surveys, give self-grading quizzes, and have students submit reading logs or responses (Located in Drive)

**6**

## “Google”-ize your Schedule

Add time slots, repeating events, and personalize your Google Calendar: <https://www.google.com/calendar>

**7**

## “Google”-ize Lesson and Unit Planning

Utilize multiple calendars to plan presentations, projects and units

**8**

## “Google”-ize Student Research

Save resources in your own personalized library, make shelves for projects and search by topic: <http://books.google.com/books>

**9**

## “Google”-ize Professional Development

Resource books to strengthen teaching skills and samples of teaching materials on Google Books

**10**

## Google Freebies!

Google Applications are free! Check the presentation for other available apps! <http://www.google.com/intl/en/about/products/>
